SINGLE TRANSACTION**

(For reporting requests described in Part 769 of the Export Administration Regulations)

**NOTICE OF RIGHT TO PROTECT CERTAIN INFORMATION FROM DISCLOSURE**

The Export Administration Act permits you to protect from public disclosure information regarding the quantity, description, and value of commodities or technical data supplied in Item 11 of this report and in any accompanying documents. If you do not claim this protection, all of the information in your report and in accompanying documents will be made available for public inspection and copying.

You can obtain this protection by certifying, in Item 10 of the report, that disclosure of the information referred to above would place a United States company or individual involved in the report at a competitive disadvantage. If you make such a certification in Item 10, you may remove information regarding the quantity, description, and value of the commodities or technical data supplied by you from Item 11 of the inspection copy of the report form and from the public inspection copies of the accompanying documents.

The withholding of this information will be honored by the Department unless the Secretary determines that disclosure of the information would not place a United States company or individual at a competitive disadvantage or that it would be contrary to the national interest to withhold the information.

Dear Mr. Skidmore:

Reference number: 96C100/NR

We have gone to our archived files and have completed our self-audit and to the best of our knowledge, we have not found any other unreported boycotts.

I am enclosing our completed Boycott Transaction Form to be placed in our file.

Accessing our archived files and doing our self audit took longer than anticipated and I wish to thank you very much for extending the time frame for filing our report.

Sincerely,
